To: Octopus Energy <hello@octopus.energy>

Dear Octopus,

Please see the attached PDF which shows the problem in full detail.

Kind regards

M. Cope.

Dear Octopus Energy,

I am writing to query / raise an issue regarding the last bill I had from my previous supplier: AVRO Energy.

There are a number of oddities in this bill (full bill is shown later in this PDF document):~

1, The amount shown on the bill is (i.e. for the period which the bill covers):

2. The bill summation section then shows the following:

FINAL BALANCE

£1124.93 Debit

Previous Balance	£-768.66
New Charges	£87.24
Payments Received	£-269.03

Payments Received

Date	Description	Amount
09/09/2021	Admin Fee	£-269.03

The previous balance is shown as negative:	-768.67
However the amount for this bill is shown positive:	87.24
And my payment to them is shown as negative:	-269.03

Conclusion: the bill total is incorrect i.e. £1124.93

(it is actually the sum of $768.67 + 87.24 + 269.03$ - so they haven't even got their mistaken amounts correct by addition!)

The bill is clearly garbage - mixing debits and credits incorrectly.

There is also an "Admin Fee" of 269.03 - for what I have no idea whatsoever.

I also note that the amount paid - 269.03 was taken without due authorisation (advanced notice) from a direct debit setup for a far smaller amount.

I therefore have to say I will not be paying this bill, and you should remove it from your accounts immediately.

I realise this is not Octopus energy's mistake - in fact I've been pleasantly surprised with Octopus in general (especially the software developer's forum).

So this is not a complaint as such - just an instruction to remove a clearly defective and non-sensensical - debits/credits mixed up, addition incorrect and unknown 'Admin Fee' - bill from your system.

If you could do this it would be much appreciated, and hopefully we can avoid using a formal complaints procedure.

With thanks,

Yours Sincerly,
M. Collins-Cope.

This is not a VAT invoice.

Explaining Your Gas Statement

Volume Conversion Factor: converts your meter units to metric.
Imperial meter - 2.83 or Metric meter - 1.00

Volume Correction: Accounts for changes in your volume of gas
based upon temperature and pressure. Industry Standard of 1.02264

Calorific Value: the measurement of the energy content of gas
which varies throughout the year

Convert to kWh: Divide by 3.6 to give number of kilowatt-hours

Formula	
Meter Units	68.80
Volume Conversion Factor	1.00
Metric Units	68.80
Volume Correction	x 1.02264000
Calorific Value	x 39.4
Convert to kWh	/ 3.6
kWh Used	770.0

Difficulties Paying?

We know that sometimes it's hard to pay a bill. If you're having difficulties, let us know as soon as you can and we'll do what we can to help.

Looking out for you

If you're registered disabled, are of pensionable age, have a hearing or visual impairment or have long term ill health, we may be able to provide additional services to help you. Simply call or email for further information.

Smell Gas?

Call the National Grid Emergency Service on

0800 111 999

24 Hours A Day, 7 Days A Week

If you smell gas:

- Open your doors and windows
- If you can, turn off the gas supply

Do not:

- Turn electrical switches on/off
- Use matches or flames
- Use mobile phones

Power Cut

If you have a power cut, please dial 105 from anywhere in the country to be put through to your local power distributor.

If your power distributor is unable to help you, please visit Octopus Energy website: <https://octopus.energy/blog/power-cut>

Moving Home? Take Us with You

If you're planning on moving or thinking of leaving us, let us know as soon as possible or at least 3 working days before you plan to move. If you don't tell us you may be billed for the energy used by the next occupier.

Call us on 0808 196 6497 or email avro@octopus.energy

- Your Full Name, Telephone and Account Number
- Full Address of your Old and New Home
- Date of Move or Switch
- Up to Date Meter Readings

Advice

It's easy to get free, independent advice so that you know your rights as an energy consumer. You might want to get a better deal, find out how to make a complaint, get advice about the quality of your electricity or gas supply, or ask for help if you're struggling to pay your bills. Visit www.citizensadvice.org.uk/energy for up to date information contact the Citizens Advice Consumer Service on 0345 404 0506

Complaints

We aim to provide the best customer journey at Avro, however we understand that things can go wrong. If you would like to make a complaint you can call our customer service team on the number above. If your complaint is not resolved it can be escalated to a manager. If you are still unhappy, your complaint can be escalated to our Head of Customer Services. If, after 8 weeks you are still dissatisfied you may then approach the Energy Ombudsman on 0330 440 1624 or www.ombudsmanservices.org/energy
