Converting to kWh

If you want to know how we convert gas units to kiloWatt hours (kWh), this is how we do it:

1,853.00 metric units used
 x 38.9 calorific value
 x 1.022640 volume correction
 ÷ 3.6 to convert to kWh
 = 20,475.98 kWh

To help you check your tariff details more easily, we're simplifying some of our tariff names. This doesn't affect your prices or other Terms and Conditions in any way.

Your meter point reference number

3358702307

Ways to pay

To make payments, set up a monthly Direct Debit or manage your account online, register for Digital Services at: **southern-electric.co.uk**

To pay by Credit/Debit card call us on **0800 980 9649**. There's a charge of 1.5% for paying by credit card.

You can pay without charge at any Post Office, Natwest Bank or any branch of your own bank. Or you can pay with cash at any PayPoint.

Make cheques payable to Southern Electric and write your account number on the back. Fill in the payment slip and send to: Southern Electric Payment Centre PO Box 13, Havant, PO9 5JB

For telephone or internet banking use:
 sort code: **57 17 57**
 bank account number: **00000000**
 Quote your account number as shown on the front of the bill.

Total charges this period including VAT	£998.38

Why not complete an energy review today?

1. Choose a better tariff

We want to ensure that you have energy choices that suit you. That's why we offer the 1 Year Fixed Price tariff which lets you fix your prices – or our Standard Energy tariff with no tie-ins. Our website makes it really easy for you to choose a tariff that's right for you and find ways to save energy and money.

2. Pay by Direct Debit

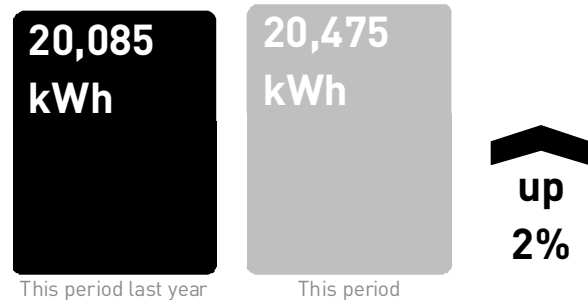

You'll save £40 a year by paying by Direct Debit.

3. Go paperless

You'll save a further £6 a year by choosing paperless billing. You'll also be able to submit readings, check your balance and make payments by registering online.

4. Reduce your energy use

Based on an estimated reading for this bill you've used 2% more gas this period than the same period last year.

Follow our online five step guide and you could be saving energy and money in no time. Find out how energy efficient you are with our online survey.

Get in touch at southern-electric.co.uk/youraccount/energyreview or call 0800 975 1642

Your annual gas statement - it's for your information only

Your gas account number:
35682 18216

This is important information about your gas usage and tariff, we hope you find it useful. You can use it to see how much gas you've been using and to check that you're on the best tariff, save money and stay informed.

Your gas tariff

Tariff name	Moneysavers
Payment method	Cash / cheque
Discounted energy price	4.67p per kWh
Standard energy price	4.67p per kWh
Standing charge	15.66p per day
Tariff ends	No end date
Early exit fee	No cancellation fee
Extras	None

Discounts available:

You could save £40 a year if you pay by Direct Debit and a further £6 a year by choosing paperless billing.

Your annual usage

We've worked out over the last 12 months you've used:

0.00 kWh on Discounted energy

43,766.00 kWh on Standard energy

Based on your current tariff and usage, over the next 12 months we estimate this would cost:

£2,057.66

On our standard tariff, paying by monthly direct debit, we estimate over the next 12 months you might pay:

£2,146.91

We've worked out the above figures by looking at meter readings obtained over the last two years and new prices which we recently announced. We'll shortly explain more about the reduction in our prices which follows recent changes in government policy. Remember, your energy cost for the next 12 months is still only an estimate.

Changing supplier

Whilst you can change your supplier, we hope of course that you want to stay with us and continue to enjoy our great customer service. If you decide to leave us, we'll always respect your decision and help you as much as we can.

But please call us on **0800 975 2743** before making your final decision about changing supplier to see if we can help. For impartial advice about changing supplier, you can contact the Citizens Advice Consumer Service by calling 08454 04 05 06 or visiting www.adviceguide.org.uk

The costs that make up household energy bills

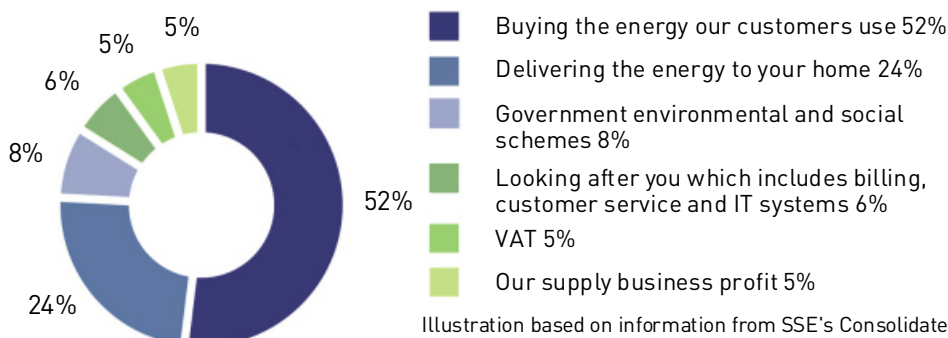

Illustration based on information from SSE's Consolidated Segmental Statements published from 2010-2013 which are available on our website.
Average costs per energy bill weighted to reflect our customer base (59% electricity, 41% gas).
Costs will vary depending on fuel(s), region and tariff.
