Dear Mr M Collins-cope,

Thank you for paying by Direct Debit. You have received our maximum discount by paying this way.

This is your gas statement for 03 November 2011 until 26 April 2012.

The balance you owe of **£406.85** indicates that your payments will not cover your future gas charges. We would like to help you to keep your payments in line with your gas charges. So if you would like to make a payment to reduce this balance or confirm how much you need to pay, please give us a call.

Please turn over for details of how we have calculated your charges and discount.

As part of our ongoing commitment to the environment we want to reduce the amount of paper we use and we have also listened to our customers who tell us they don't like estimated bills. So you now receive a statement every 6 months to coincide with when we have called to try to read your meter.

Since this statement covers a 6 months period we have adjusted the number of standard and discounted units, where applicable, to cover the longer period and ensure your charges are generally the same as if we had billed you over 2 separate quarters.

Are you on the best deal? We may have a lower priced offer to help you save money. For more information visit:
www.southern-electric.co.uk/Deal or call 0845 070 7357.
