Hi Mark,

We continually review your account balance and monthly payments to help keep your account on track.

It looks like your current payments might not be enough to keep your account healthy, so we're suggesting an increase to your monthly payments.

- Current monthly payment: £300.00
- New monthly payment: £401.77
- The difference: +£101.77

The increase is based on a combination of:

- Your current energy usage
- Your current balance
- The future costs of your energy

Our Balance Forecast tool can help you see how your monthly payments affect your account balance over time - if you're thinking of changing your monthly payments you should take a look first at <https://octopus.energy/dashboard/new/accounts/balance-forecast>.

If you'd like to set your payments to a different amount, you can do that on your account <https://octopus.energy/manage/anon/0bedeab4ad14c070a438f08299c3c13ec7af4349/A-A7CD64F4/?key=0bedeab4ad14c070a438f08299c3c13ec7af4349&account-number=A-A7CD64F4&journey=payment-amount>.

If you're happy with our recommendations, you don't need to do anything. We'll adjust your payments automatically, starting from 12 September.

What if I don't want my payments to increase?

Please get in touch and let us know.
If you're struggling to make payments there are ways we can help; have a look at this blog post <https://octopus.energy/blog/energy-crisis-information/> which outlines all the help available from the Government, Octopus, and others (and details on how to access it).

If you're struggling to pay your bills, please reply and let us know. We've also put together this blog post <https://octopus.energy/blog/bill-support/> which outlines all the help available and how to get it.

Just reply to this email if you think we've got something wrong, or if you'll have difficulties making the new payments, and we'll get back to you promptly.

Love and power,

The Octopus Energy team

PS. In the current environment, it's important you get the support you're entitled to. We've put together this blog post (<https://octopus.energy/blog/energy-crisis-information/>) which outlines all the help available and how to get it.

Hi there, as per previous messages - no you're not.
I'm paying max I can.

Also I do not seem to have a clear re-billing after I submitted readings to you.
Could you please address this.

Thanks,
Mark.

Good Evening,

Thank you for getting in touch regarding your account. I can confirm I have amended your payment amount to remain at £300 going forward for you.

With regards to the billing, your electricity is billed to smart readings and the gas your account was re billed to the reading you supplied on the 16th June. Since then we have not received any further reads, if you would like to send me an updated reading I can get this updated for you?

I look forward to hearing from you,

Please let me know of any further questions you may have.

Have a lovely weekend!

Best Regards

Zoe 🐙
