Hi Mark,

Thanks for your reply.

One of our colleagues, Becks, previously corrected the avro balance by applying a credit of £831.49 this reduced the balance that was transferred to us from -£1,124.93 to -£293.44.

The main portion of the current debit balance on your account comes from the period following your transfer. I explained the electricity charges in the email sent to you on the 13th of December 2022. In this email, I requested a gas meter reading as we are currently using estimates to calculate your charges. Would it be possible for you to let me know what this gas reading is?

Is the balance for gas and electric or just gas?

The balance on your account is a combination of a reduced Avro balance, your electricity and gas charges since the transfer to Octopus on the 26th of September 2021.

Can you supply me with a gas breakdown?

We are currently using estimates to produce your gas charges. To be able to provide an accurate breakdown, please would you be able to submit a gas reading? I have also not answered any of the future gas questions you asked as the current charges and readings are not accurate.

How much has Octopus charged since taking over?

Total charges for gas and electricity is £4,332.19 for a period of 486 days.

Amount still owed to Avro?

£293.44

ELEC meter readings - NOW and WHEN AVRO DISAPPEARED?

Elec transfer reading (26th of September 2021) - 5320.4

Current elec reading (26th of January 2023) - 10532.3

I hope this answers the questions for you, if there is anything else you would like me to answer then please let me know.

All the best,

Richard

Hi Octopus (Octopussies?),

Thanks for your email.

Okay. Some confusion here.

I had a previous conversation with your representative and my bill should not be that much. Most of that amount - as per my previous discussion - was from a bill from Avro in which - as I explained in the email and you (Octopus) agreed with me - was when Avro actually added their (unauthorised

- presumably desperately trying to get some cash in) direct debit to my

bill, rather than deducting it. I agreed with your representative that we would reduce the bill by a given amount, which from memory left my balance at about £200 - owed to you (debit). I can dig up the emails if you like -

but if I have to do that I'm going to dispute the whole of the Avro amount as it is a pretty unacceptable error to make - and they probably made similar errors in the past.

So could you let me know about that please.

After we've got to the bottom of that, I can take a look at the revised bill - or just start the dispute process - as necessary.

In the meantime, would you mind actually answering the questions I raised. Please quote the question first in your reply, so I know what answer refers to what question.

I really hope we can sort this easily. I like you guys, and think you're pretty innovative for an energy company!
So keep up the good work.

Regards,
Mark.

Hi Mark,

I hope you are well.

I didn't hear back from you concerning the gas reading and wondered if you'd had the chance to check what this was.

Thank you for your help.

All the best,

Richard

On Mon, 28 Nov 2022 at 18:43, markcollinscope@gmail.com wrote:

Hello Octopus,

Hope you're all doing well there.

The last bill (attached) does not seem correct. A couple of questions:

1. is the balance for gas and electric or just gas?
2. The total does not seem to take into account the debit repayment

transfer noted.

To be honest I am now completely confused.

More questions:

- 3; do you not combine gas and electric bills?
4. can you supply me with a breakdown of

GAS:

- how much OCTOPUS have charged (total) since taking over (GAS)
- the amount STILL owed to AVRO (apparently) (GAS)
- GAS meter readings - NOW and WHEN AVRO DISAPPEARED (i.e. when OCTOPUS

took over).

ELEC:

- how much OCTOPUS have charged (total) since taking over (ELEC)
- the amount STILL owed to AVRO (apparently) (ELEC)
- ELEC meter readings - NOW and WHEN AVRO DISAPPEARED (i.e. when

OCTOPUS

took over).

And whether the above are estimated or actual, and the details of the last ACTUAL meter readings, who took them, and when - BOTH ELEC and GAS.

Sorry, but I am lost in the additions, subtractions and also that I've always received combined bills in the past.

I appreciate your assistance here.

Kind regards,

Mark.

0777 163 6882.

Your energy statement

Full PDF bill attached

10th November 2022 - 27th November 2022

Your previous balance: -£1495.86

1. Charges on your account (Inclusive of VAT)

Electricity: -£118.27

Your new balance: -£1614.13

As you pay by Direct Debit, this statement doesn't need paying - it's just for your reference.

Full bill breakdown

You'll find a full breakdown attached, which you can keep for your reference.

Any questions email hello@octopus.energy

Love and power,

The Octopus Energy team

Since choosing Octopus, you've saved 966.71 kg of CO2 emissions - the equivalent of a forest of 483 trees over a whole year.
